SECTION B – SUPPLIES OR SERVICES AND PRICE/COSTS

B.1 PURPOSE

The United States Agency for International Development (USAID), USAID/RDMA requires support for a program in Social Marketing Prevention and Supportive Services in Vietnam as detailed in Section C.1 Background.

B.2 CONTRACT TYPE

This is a Cost Plus Fixed Fee Contract. Other direct costs will be considered as cost-reimbursable items. For the consideration set forth in the contract, the Contractor shall provide the deliverables or outputs described in Section C and comply with all contract requirements.

B.3 BUDGET

a. This is a Cost Plus Fixed Fee (CPFF) Task Order. The estimated cost for the performance of the work required hereunder, exclusive of fee is \$_____. The ceiling fixed fee is \$_____. The total estimated cost plus fixed fee is \$_____.

b. Within the estimated cost plus fixed fee, if any, specified in paragraph (a) above, the amount currently obligated and available for reimbursement of allowable costs incurred by the Contractor (and payment of fee, if any) for performance hereunder is \$_____. The Contractor must not exceed the aforesaid obligated amount unless authorized by the Contracting Officer pursuant to the clause of this contract entitled "Limitation of Funds" (FAR 52.232-22). See Section I of the basic IQC.

c. The contractor will not be paid any sum in excess of the ceiling price or obligating amount, whichever is less.

d. Budget Schedule:

To be determined.

B.4 PAYMENT

The paying office is as referenced in section G.4.

END OF SECTION B

SECTION C – DESCRIPTION / SPECIFICATIONS/STATEMENT OF WORK

C.1 INTRODUCTION

The title of the program in this task order is Social Marketing Prevention and Supportive Services Vietnam.

C.2. BACKGROUND

This project will support the U.S. Government Five-Year Strategy for HIV/AIDS in Vietnam under the President's Emergency Plan for AIDS Relief (PEPFAR). Specifically, the goals of this project are to reduce HIV prevalence among most-at-risk populations (MARPs) - injecting drug users (IDUs), men who have sex with men (MSM), sex workers (SWs), SWs who inject drugs, and clients of SWs through promotion of commodities and services, increasing safer behavior practices, and reducing the initiation of drug use among core transmitters and vulnerable populations in Vietnam.

Through this award, USAID/Vietnam aims to continue to ensure achievement of the program objective to expand and strengthen HIV/AIDS prevention; care and support services in Vietnam. Under USAID's Foreign Assistance Framework, the program will contribute to the Program Objective of Investing in People in the Health Program area and Program Elements: 1.1.HIV/AIDS. The successful Contractor must implement HIV prevention programs that promote prevention commodities, services, and risk reduction behaviors in accordance with the specifications outlined in the Statement of Work below. Please note that any amount of funds generated from the program must be reduced from the overall USG cost of the program.

To achieve the above stated goals, this project will achieve the following results:

1. Reduce sexual risks by promoting commodities, services, and safer behavior among most-at-risk populations including sex workers and their clients, men who have sex with men, and injecting drug users.
2. Increase demand for HIV counseling and testing among high-risk populations including pregnant women, sex workers and their clients, injecting drug users, and men who have sex with men and strengthening linkages between HIV prevention and care and treatment services.
3. Reduce the number of new injecting drug users through interventions that prevent initiation of drug use.

A. *HIV/AIDS in Vietnam*

UNAIDS estimates that adult HIV prevalence in Vietnam is 0.53%, but prevalence among injecting drug users (IDU) is estimated at 23.1% and reaches 70% in some provinces (MOH). Although HIV has spread to other high-risk populations, evidence suggests that IDU is still the upstream cause of many new HIV infections. HIV prevalence among female sex workers (FSW) is 4.2%, but the 2005/2006 Integrated Behavioral and Biological Survey (IBBS) revealed that HIV infection rates were three to thirty times higher among sex workers who reported IDU than those who did not, and that IDU was a strong predictor of overall HIV prevalence in this population. Similarly, the IBBS found HIV prevalence of 9% among men

who have sex with men (MSM) in Hanoi and 5% in Ho Chi Minh City, with figures three to five times higher among MSM who reported IDU. Almost 80% of reported AIDS cases are in men between the ages of 20 and 39.

Formal brothels are rare in Vietnam, but studies suggest that many married and unmarried men pay for sex with partners ranging from street-based sex workers to women working at guest houses and entertainment establishments. Expanding access to prevention education and commodities in entertainment establishments remains challenging given owners' fear of police scrutiny. While available at pharmacies, condoms are often unavailable at critical non-traditional outlets such as guest houses and karaoke bars.

The HIV prevalence among pregnant women at most antenatal care (ANC) sites in Vietnam remains under 1% (UNAIDS, 2006) yet increases have been seen in several provinces in recent years. The Vietnam Ministry of Health's (MOH) 2006 sentinel surveillance revealed rates higher than 1% in several provinces, including Hanoi, Quang Ninh, Thai Nguyen, Dien Bien, and Lang Son. With an estimated 1.5 million deliveries per year, this translates to about 6,000 HIV-positive pregnant women giving birth to 1,700 - 2,100 HIV-positive newborns in the absence of prevention of mother-to-child transmission (PMTCT). The government of Vietnam (GVN) has made PMTCT a national priority, setting a goal of providing counseling to 90% of pregnant women, testing to 60%, antiretroviral (ARV) prophylaxis to all HIV-positive mothers and their infants, and providing a continuum care and treatment to 90% of HIV-positive mothers and their infants by 2010.

B. USG's Prevention Approach in Vietnam

Despite dramatic increases in USG resources available to combat HIV/AIDS in Vietnam, the country's large population and low prevalence concentrated epidemic calls not only for a "prevention focus," but also for a highly focused approach to prevention: one that prioritizes reaching, partnering with, and meeting the needs of most-at-risk populations. The President's Emergency Plan for AIDS Relief (PEPFAR) program in Vietnam supports comprehensive HIV prevention programming, with a particular focus on most-at-risk-populations (MARPs) including IDUs, FSWs and their clients, MSM, migrant populations, and high-risk youth.

C. Task Order Background

As a key strategy of the PEPFAR/Vietnam program, the USG has supported HIV prevention programming among high risk groups through social marketing, outreach, and other supportive services since the beginning of PEPFAR in 2005. Care and treatment needs initially prompted many donors to prioritize support for health services and infrastructure in the fight against HIV/AIDS, however the stigma and discrimination surrounding HIV, IDU, sex work, and MSM have constrained service uptake. As a result, outreach-based prevention efforts are a critical way to reach individuals who may be at high-risk of HIV along with behavior change messages, commodities and access to HIV counseling and testing.

Through the FY2008 Country Operational Plan (COP) development process, USAID/PEPFAR Vietnam reevaluated their current portfolio. Several large international NGOs (INGOs) are currently sub-partners and USAID/PEPFAR Vietnam determined that it would be more beneficial to have a direct contractual relationship with partners implementing these critical programs. Follow-on procurements are required in order to establish direct relationships with partners performing these activities. While priorities for

these follow-on activities are well articulated in the COP, the procurement design process allowed USAID/PEPFAR Vietnam the opportunity to assess and review the current work and accomplishments to assure that follow-on programs are sharply focused on epidemiological needs and the strategic vision of PEPFAR/Vietnam.

Social marketing of condoms and other prevention commodities, and promotion of safer behavior is an essential element of the PEPFAR-supported HIV prevention portfolio in Vietnam. Although PEPFAR is supporting a large number of partners in providing targeted, outreach based services to high-risk groups including IDU, CSW, MSM, and prospective male clients of sex workers, social marketing approaches are essential to ensure that key populations have sustainable access to prevention commodities (including male and female condoms and lubricant) and recognize the importance of adopting safer behaviors in key risk settings and hotspots.

PEPFAR has dramatically expanded its support for HIV counseling and testing services in Vietnam through a variety of partners and mechanisms, and recognizes that demand creation and the social marketing of these services to high-risk individuals is essential to increase service uptake. The task order recognizes the priority is to link up high-risk individuals to relevant prevention, care and treatment services, a focused approach to social marketing of HIV counseling and testing is called for – one that relies heavily on interpersonal communication activities and targeted small- and mid-media campaigns, and leverages the relationships that existing partners have established through their prevention outreach efforts.

Through this task order, USAID aims to increase uptake of PMTCT services in the priority provinces¹. PEPFAR currently supports PMTCT service provision in five high-prevalence provinces in Vietnam – Hanoi, Ho Chi Minh City, Quang Ninh, Hai Phong and An Giang. The USG, primarily through efforts from the U.S. Centers for Disease Control and Prevention (CDC), is planning for further program expansion to additional geographic areas, however current coverage of PMTCT is low and there are no communication activities to support uptake of PMTCT among women attending ANC clinics in the priority provinces. Research across different countries has identified the following challenges in promotion of PMTCT services:

Knowledge and awareness of vertical transmission or ability to prevent it

Lack of access to HIV testing and treatment services

High levels of stigma resulting in low numbers of women accepting HIV testing HIV and low numbers of women revealing positive sero-status to partners and obtaining preventive services

Weak linkages to sustained care and treatment services

To scale-up evidence-based programming to prevent the initiation of injection drug use PEPFAR/Vietnam is seeking to adapt and integrate components of the Break the Cycle (BTC) intervention into existing IDU peer outreach programs in Vietnam (please note that other innovative approaches to primary prevention of drug use are also strongly encouraged). The BTC program helps to limit the size of the IDU population by establishing and reinforcing norms among existing IDU that prevent the introduction of new users to drugs. Many IDU have regrets that they themselves initiated drug use, and can therefore

¹ PEPFAR Vietnam current priority provinces are: Nghe An, Hanoi, Ho Chi Minh City, An Giang, Can Tho, Hai Phong, Quang Ninh. During the performance period of the contract additional provinces may be added.

provide compelling personal arguments against drug use initiation. Specifically, the BTC program works by engaging active IDU through peer networks, and encouraging them to:

- Reduce injecting in the presence of non-injectors,
- Reduce discussions about injecting when at-risk youth or non-injectors are present,
- Refrain from teaching non-injectors how to inject, and to
- Develop skills for refusing/managing requests to give others their first injection.

Preventing the initiation of drug use is fundamental to addressing the upstream cause of most new HIV infections in Vietnam. The vast majority of current IDUs were first introduced to injection drug use by injecting peers, sexual partners or family members. An evaluation of the original implementation of the BTC model in the UK found that the program was associated with a 50% reduction in injections in the presence of non-injectors, greater disapproval among IDU for initiating new users, reductions in the number of requests received by IDU to initiate others, and significant declines in the initiation of new users. With USG support, the model has been adapted and implemented to support HIV prevention in Central Asia, but this proposed initiative would mark the first adaptation of BTC to the South-East Asian context.

Current USG prevention interventions focus on "core transmitters" such as IDU and SWs; however, only after they are engaged in very high risk behavior. This program must seek to minimize the spread of HIV due to drug use by integrating drug demand reduction as part of overall behavior change communication and outreach activities targeted at most at risk populations. Drug prevention targeting most at risk populations will build on current interventions reaching core transmitters of HIV and those who at very high risk for initiating injecting drug use.

All USG activities focus on filling identified gaps of services, products, and behavior change interventions that MARPs require to protect themselves from an increasing threat of new HIV infections. HIV related products and services are promoted through a comprehensive approach that builds on interventions already occurring in target areas and prioritize areas of interventions that either do not exist or need to be strengthened. Specifically, HIV prevention interventions include integrated communication activities to generate informed demand for VCT services, promotion of safer sexual and injecting behaviors, including increasing uptake of HIV related products (male & female condoms, and water-based lubricants), drug demand reduction and services targeted at MARPs. These interventions are customized for the different high risk groups based on their needs and gaps identified within existing programs. As care and treatment efforts continue to expand in Vietnam, there is an increasing need to ensure strong linkages between HIV prevention efforts and care & treatment services targeted at MARPs.

Through this program, the USAID will sustain progress towards a coherent, integrated package of interventions designed to scale up the HIV prevention response in PEPFAR priority sites in Vietnam. All approaches and activities, particularly VCT and PMTCT service delivery, must be carried out in collaboration with the Ministry of Health, VAAC, CDC/LifeGap, Provincial Health Departments (PHDs), local and international NGOs, and other donor projects.

C.3 SCOPE OF WORK

A. KEY STRATEGIC ELEMENTS AND RESULTS

Below are the key strategic elements followed by the results and illustrative indicators for this task order. The Contractor must design and deliver a program which promotes services, commodities, and safer behaviors among specific target populations. The components of that program must at a minimum include the following key strategic elements but need not be limited to them.

1. The Contractor must develop and execute a strategy for the targeted promotion of voluntary counseling and testing among most-at-risk populations including female sex workers and their clients, men who have sex with men, and injecting drug users and their social networks.
2. The Contractor must expand promotion of and support to pregnant women to seek VCT and related PMTCT services in early pregnancy and strengthening referral networks.
3. The Contractor must plan and execute targeted promotion, social marketing and free distribution of condoms and other prevention commodities along with related information to female sex workers and their clients, men who have sex with men, and injecting drug users. This activity must be developed in close collaboration with existing programs. Products and services for MARPs must be introduced to assure risk reduction practices and provide linkages to services for sustained behavior change.
4. The contractor will support the PEPFAR team by developing and maintaining logistical networks that deliver and monitor distribution of free prevention commodities (male and female condoms and lubricant) for free distribution among MARPs by PEPFAR partners throughout Vietnam.
5. The Contractor must implement a strategy to reduce drug demand and initiation of injection among those at high risk for initiating drug use by engaging networks of current users. This strategy/activity must build on concepts from the "Break the Cycle" drug demand reduction program and can be well-paired with the high-risk outreach component of VCT and condom social marketing to access IDU social networks. Specifically, the Contractor must initially pilot the adaptation and integration of BTC program components into existing PEPFAR-supported IDU peer outreach programs in two provinces (Quang Ninh and Hai Phong). By leveraging the large existing IDU outreach networks PEPFAR has helped to establish in Vietnam, the Contractor must efficiently integrate the materials and lessons learned from the BTC pilot after the first year into existing IDU outreach efforts on a much larger scale over the life of the project.
6. The Contractor must establish and maintain relationships with relevant government of Vietnam entities, including local authorities to gain support for working with most-at-risk populations. To include a plan to work with the local police so that critical commodities can be provided in venues, such as entertainment establishments, where they are most needed
7. The Contractor must work with USG partners and other service providers in Vietnam including VCT and PMTCT services, drug rehabilitation services, care and support services, and others engaged in outreach to high-risk populations.
8. The Contractor must work closely with Provincial Health Departments, Provincial AIDS Centers, and local NGOs to improve their ability to develop evidence-based, client-focused social marketing programs. The Contractor must build the capacity of local partners to communicate effectively to each target group, which could include, if appropriate, replicating a successful series of evidence-based, client-focused social marketing programs implemented for key partners

9. The Contractor must carry out assessments, or process and outcome evaluations that can be used to describe effective strategies for targeting and reaching most at risk populations in a sustainable manner as well as effective approaches to ensuring comprehensive services for target populations.
10. Gender issues must also be addressed in all stages of the activity where appropriate.

During the life of the program the Contractor must use the information derived from program monitoring and evaluation to propose additional innovative approaches to reaching most at risk populations with HIV prevention information, services, and commodities. Additional activities are particularly encouraged as they relate to relationships with the Government of Vietnam and other current HIV care and support providers. USAID HIV/AIDS funds are subject to the PEPFAR requirements; therefore the Contractor must, at minimum, report on all relevant PEPFAR indicators (see Annex 4: Emergency Plan Reporting Requirements and Indicators). The Contractor must include additional program indicators to provide for more detailed program monitoring and reporting to the CTO. Routine data quality assessments are also required. A final set of indicators must be developed by the Contractor after the award is made in collaboration with the CTO based on the targeted results described in the Instructions to Offers.

The activities under the key program areas, both continuing and illustrative, will be focused to achieve the following results over the life of the project. The final indicators and targets for the results will be established with the CTO and the USG Strategic Information Technical Working Group.

Result 1: Increase in safer behavior adopted by MARPs through the increased use of HIV prevention products (male condoms, water-based lubricants, and female condoms) and services (VCT) by MARPs

Illustrative Indicators:

- Number of targeted condom service outlets
- Number of individuals reached through community outreach that promotes HIV/AIDS prevention through other behavior change beyond abstinence and/or being faithful
- Number of individuals trained to promote HIV/AIDS prevention through other behavior change beyond abstinence and/or being faithful
- Percentage of targeted MARPs who report consistent condom use within high risk relationships (clients, regular clients and causal partners)
- Percentage of targeted MARPs who report that consistent condom use is an effective method for decreasing risk of HIV transmission within high risk relationships.

Result 2: Increased access to and uptake of VCT among MARPs

Illustrative Indicators:

- Number of individuals who received counseling and testing for HIV and received their test results
- Number of individuals trained in counseling and testing according to national and international standards (to promote VCT)
- Percentage of targeted MARPs who know where to access VCT services.

- Percentage of targeted MARPs who report receiving VCT services
- Numbers of individuals reached through community outreach activities that promote HIV/AIDS prevention through other behavior change beyond abstinence and/or being faithful

Result 3: Increased uptake of PMTCT services

Illustrative Indicators:

- Number of service outlets providing the minimum package of PMTCT services according to national and international standards
- Number of pregnant women who received HIV counseling and testing for PMTCT and received their test results
- Number of individuals trained in the provision of PMTCT services according to national and international standards.
- Numbers of individuals reached through community outreach activities that promote HIV/AIDS prevention through other behavior change beyond abstinence and/or being faithful
- Percentage of pregnant women tested for HIV and get counseled for PMTCT

Result 4: Reduction in the demand for drugs and in initiation of injection drug use among sex workers and others at high-risk of initiating IDU.

- Illustrative Indicators:
- Number of individuals reached through community outreach that promotes HIV/AIDS prevention through other behavior change beyond abstinence and/or being faithful
- Number of individuals trained to promote HIV/AIDS prevention through other behavior change beyond abstinence and/or being faithful
- Number of individuals reached through drug demand reduction services
- Number of individuals utilizing drug demand reduction related services
- Number of current drug users who report that they no longer introduce injecting behavior to new users.

Result 5: Increased capacity of local partners to implement measurable, social marketing interventions for HIV/AIDS prevention leading to an improved environment for sustainable HIV/AIDS programming

- Illustrative Indicators:
- Number of individuals trained to promote HIV/AIDS prevention through other behavior change beyond abstinence and/or being faithful
- Number of organizations, institutions, and/or networks provided with technical assistance in HIV/AIDS prevention programming and management
- Number of organizations or institutions that are able to manage and implement HIV/AIDS prevention programs with limited technical assistance
- In addition to the program direct output indicators, the Contractor must provide data on the coverage of intervention as well as an evaluation plan for project outcomes and impact such as the significantly reduction in risk behaviors and/or HIV-related stigma and discrimination among target population.

B. MEASURING RESULTS: MONITORING AND EVALUATION

The Contractor must develop and execute a Monitoring and Evaluation (M&E) plan, which includes process, output, outcome and impact components, in consultation with the CTO after the award is made. For each indicator, the Monitoring and Evaluation (M&E) plan must provide interim and final targets, data sources, collection methods, and baseline information or a timeline for collecting it. Routine data quality assessments are also required. Additional indicators must be developed by the Contractor in collaboration with the CTO based on the results to be achieved listed in above. Expected program results with illustrative indicators, mid-term milestones/ benchmarks, and end-of-project targets/results must be elaborated in the M&E plan. In addition to proposing indicators for each result, all indicators are mandatory and must be reported annually for the entire previous fiscal year (October 1 to September 30).

Data sources and collection methodologies must also be noted for each monitoring and evaluation component detailed in the monitoring & evaluation plan. Contractors must also submit qualitative data on program achievements and results. The Contractor must engage local agencies where appropriate for all planned assessments and evaluations.

During the initial program period, the Contractor must work closely with the CTO to establish final indicators, as well as baseline data and performance targets for each indicator. The M&E plan must be submitted to the CTO for approval within 60 days of the award of the Task Order. USAID and the successful applicant must conduct periodic activity reviews to monitor the progress of work and the achievement of results as based on the targets specified in the M&E plan. Financial tracking data must be required on a quarterly basis.

The M&E plan will be revised as appropriate on an ongoing basis in collaboration with USAID/Vietnam

C. COLLABORATION

The Contractor must collaborative with projects both within USAID/Vietnam's health and social portfolio and those in other sectors as appropriate as well as with other relevant regional civil society groups and donor initiatives. The Contractor must collaborate with the USG interagency team on the ground – CDC, DOD, DOS, HHS and USAID regarding coordination of activities. In addition, where appropriate, the Contractor must participate in the USG interagency technical working group meetings.

D. PROGRAM MANAGEMENT AND STAFFING

1. Technical Direction and Coordination: The USAID/Vietnam CTO will be responsible for all day-to-day management, oversight, and technical direction of the Contractor and overall HIV/AIDS Prevention, Care and Treatment program. The CTO will provide technical directions during the performance of this Task Order, both in writing and verbally. The Contractor must meet at least biweekly (via conference call or in person) with the CTO or his/her designee to review the status of activities, and shall make periodic, unplanned verbal and written briefings to USAID Vietnam and USG PEPFAR staff as appropriate.

2. Personnel Requirements: The Contractor must provide key technical personnel and other personnel as part of the technical proposal to implement the major tasks above. USAID/Vietnam leaves to the Contractor to determine the appropriateness of employing overseas and/or local hires, however, such staff must have played important coordination and support roles in past and current population and health programs. USAID/Vietnam requires the

establishment of a country office in Vietnam; Contractor presence is required in order to facilitate management and coordination with USG/Vietnam.

C. 4. IMPLEMENTATION AND MANAGEMENT PLAN

The Contractor shall provide contract management necessary to fulfill all the requirements of this task order. This includes cost and quality control under this contract.

C.5. PERFORMANCE MONITORING and Evaluation PLAN

The contractor's performance shall be evaluated based on the completion of specific tasks as outlined in the Task Order, adherence to the work plan, and reports submitted to the Cognizant Technical Officer (CTO).

C.6 REPORTING REQUIREMENTS

USG/Vietnam reporting requirements: The Contractor must comply with all USG/Vietnam reporting requirements, including but not limited to Annual and Semi-Annual Performance Reports and Annual Country Operational Plan submissions. The Contractor must ensure that all of the country-specific USG reporting requirements are met.

A. Annual work plan: The Contractor must develop annual work plans in concert with other USG/Vietnam partners, keyed to each USG fiscal year of the contract. Subsequent 12-month work plans through the end of the task order must be prepared and submitted to the CTO not later than 45 days before the close of each preceding operating year.

The work plan must include, at a minimum:

Proposed accomplishments and expected progress towards achieving task order results and performance measures tied to the M&E plan;
Timeline for implementation of the year's proposed activities, including target completion dates;
Information on how activities will be implemented;
Personnel requirements to achieve expected outcomes;
Major commodities to be procured;
Details of collaboration with other major partners;
Detailed budget; and,
Targets and anticipated results and milestone indicators against which the contractor will be evaluated (jointly established with the CTO)

B. Quarterly progress reports: The Contractor must prepare and submit to the USAID/Vietnam CTO a quarterly report within 30 days after the end of the Contractor's first full quarter, and quarterly thereafter. These reports will be used by USAID/Vietnam to fulfill electronic reporting requirements to Washington; therefore, they need to conform to certain requirements. The report must contain, at a minimum:

Progress (activities completed, benchmarks achieved, performance standards completed) since the last report by country and program area;
Problems encountered and whether they were solved or are still outstanding;
Proposed solutions to new or ongoing problems;
Success stories;
Documentation of best practices that can be taken to scale; and.

List of upcoming events with dates.

C. The Contractor must submit quarterly financial reports to USAID within 45 calendar days following the end of each quarter. They must be disaggregated at the program area and contain, at a minimum:

Total contract budget

Total funds awarded to date by USAID into the task order (Total funds obligated to date);

Total funds previously reported as expended by contractor by main line items;

Total funds expended in the current quarter by the contractor by main line items;

Total funds expended (actual plus estimated accrued) towards the end of the report period

Total unliquidated obligations by main line items; and

Unobligated balance of USAID funds.

Estimated expenditures for remainder of year

D. The Contractor must submit short-term consultants' reports to USAID in a mutually agreed-upon format and time frame.

E. The Contractor must submit proposed travel; subcontracts; and scopes of work, costs and CVs for proposed short-term consultants to the CTO for review and approval.

F. Special reports: From time to time, the Contractor must prepare and submit to USAID special reports concerning specific activities and topics.

Completion report: At the end of the task order, the Contractor must prepare a completion report which highlights accomplishments against work plans, gives the final status of the benchmarks and results, addresses lessons learned during implementation and suggests ways to resolve constraints identified. The report must provide recommendations for follow-on work that might complement the completed work.

END OF SECTION C

SECTION D – PACKAGING AND MARKING

D.1 AIDAR 752.7009 MARKING (JAN 1993)

(a) It is USAID policy that USAID-financed commodities and shipping containers, and project construction sites and other project locations be suitably marked with the USAID emblem. Shipping containers are also to be marked with the last five digits of the USAID financing document number. As a general rule, marking is not required for raw materials shipped in bulk (such as coal, grain, etc.), or for semifinished products which are not packaged.

(b) Specific guidance on marking requirements should be obtained prior to procurement of commodities to be shipped, and as early as possible for project construction sites and other project locations. This guidance will be provided through the cognizant technical office indicated on the cover page of this contract, or by the Mission Director in the Cooperating Country to which commodities are being shipped, or in which the project site is located.

(c) Authority to waive marking requirements is vested with the Regional Assistant Administrators, and with Mission Directors.

(d) A copy of any specific marking instructions or waivers from marking requirements is to be sent to the Contracting Officer; the original should be retained by the Contractor.

D.2 BRANDING

The Contractor shall comply with the requirements of the USAID “Graphic Standards Manual” available at www.usaid.gov/branding, or any successor branding policy.

END OF SECTION D

SECTION E - INSPECTION AND ACCEPTANCE

E.1 TASK ORDER PERFORMANCE EVALUATION

Task order performance evaluation shall be performed in accordance with ***AIDSTAR SECTOR - TECHNICAL SERVICES*** IQC, Section E.3

USAID inspection and acceptance of services, reports and other required deliverables or outputs shall take place at USAID/Vietnam, or at any other location where the services are performed and reports and deliverables or outputs are produced and submitted. The Task Order CTO (TO-CTO) identified in Section G has been delegated authority to inspect and accept all services, reports and required deliverables or outputs.

END OF SECTION E

SECTION F – DELIVERIES OR PERFORMANCE

F.1 PERIOD OF PERFORMANCE

The estimated period of performance for this task order is o/a October 1, 2008 through September 30, 2013.

F.2. DELIVERABLES

See Section C for full information and definitive listing. All of the evaluation findings, conclusions, and recommendations shall be documented in the Final Report. All written deliverables shall also be submitted electronically to the CTO. Bound/color printed deliverables may also be required, as directed by the CTO.

F.3 TECHNICAL DIRECTION AND DESIGNATION OF RESPONSIBLE USAID OFFICIALS

Regional Contracting Officer
U.S. Agency for International Development Asia
93/1 GPF Towers A, 5th Floor
Wireless Road, 10330
Bangkok
Thailand
Telephone: 662-263-7437
Fax: 662-263-7498
Email: pwilson@usaid.gov

The Cognizant Technical Officer (CTO) will be designated separately

F.4 PLACE OF PERFORMANCE

The duty post for this Task Order is Hanoi, unless so authorized by USAID to be located elsewhere. Travel is required within Vietnam, the Asia region and elsewhere.

F.5 AUTHORIZED WORK DAY / WEEK

The contractor is authorized up to a six-day workweek for short-term consultants in the field with no premium pay.

F.6 REPORTS AND DELIVERABLES OR OUTPUTS

In addition to the requirements set forth for submission of reports in Sections I, and in accordance with AIDAR clause 752.242-70, Periodic Progress Reports, the Contractor shall submit reports, deliverables or outputs as described in Section C to the CTO. All reports and other deliverables shall be in the English language, unless otherwise specified by the CTO.

F.7 AIDAR 752.7005 SUBMISSION REQUIREMENTS FOR DEVELOPMENT EXPERIENCE DOCUMENTS (JAN 2004) (AAPD 04-06)

(a) Contract Reports and Information/Intellectual Products.

(1) The Contractor shall submit to USAID's Development Experience Clearinghouse (DEC) copies of reports and information products which describe, communicate or organize program/project development assistance activities, methods, technologies, management, research, results and experience as outlined in the Agency's ADS Chapter 540. Information may be obtained from the Cognizant Technical Officer (CTO). These reports include: assessments, evaluations, studies, development experience documents, technical reports and annual reports. The Contractor shall also submit to copies of information products including training materials, publications, databases, computer software programs, videos and other intellectual deliverable materials required under the Contract Schedule. Time-sensitive materials such as newsletters, brochures, bulletins or periodic reports covering periods of less than a year are not to be submitted.

(2) Upon contract completion, the Contractor shall submit to DEC an index of all reports and information/intellectual products referenced in paragraph (a)(1) of this clause.

(b) Submission requirements.

(1) Distribution.

(i) At the same time submission is made to the CTO, the Contractor shall submit, one copy each, of contract reports and information/intellectual products (referenced in paragraph (a)(1) of this clause) in either electronic(preferred) or paper form to one of the following:

(A) Via E-mail: docsubmit@dec.cdie.org;

(B) Via U.S. Postal Service: Development Experience Clearinghouse, 8403 Colesville Road, Suite 210, Silver Spring, MD 20910, USA;

(C) Via Fax: (301) 588-7787; or

(D) Online: <http://www.dec.org/index.cfm?fuseaction=docSubmit.home>

(ii) The Contractor shall submit the reports index referenced in paragraph (a)(2) of this clause and any reports referenced in paragraph (a)(1) of this clause that have not been previously submitted to DEC, within 30 days after completion of the contract to one of the address cited in paragraph (b)(1)(i) of this clause.

(2) Format.

(i) Descriptive information is required for all Contractor products submitted. The title page of all reports and information products shall include the contract number(s), Contractor name(s), name of the USAID cognizant technical office, the publication or issuance date of the document, document title, author name(s), and strategic objective or activity title and associated number. In addition, all materials submitted in accordance with this clause shall have attached on a separate coversheet the name, organization, address, telephone number, fax number, and Internet address of the submitting party.

(ii) The report in paper form shall be prepared using non-glossy paper (preferably recycled and white or off-white using black ink. Elaborate art work, multicolor printing and expensive bindings are not to be used. Whenever possible, pages shall be printed on both sides.

(iii) The electronic document submitted shall consist of only one electronic file which comprises the complete and final equivalent of the paper copy.

(iv) Acceptable software formats for electronic documents include WordPerfect, Microsoft Word, and Portable Document Format (PDF). Submission in PDF is encouraged.

(v) The electronic document submission shall include the following descriptive information:

(A) Name and version of the application software used to create the file, e.g., MSWord6.0 or Acrobat Version 5.0.

(B) The format for any graphic and/or image file submitted, e.g., TIFF-compatible.

(C) Any other necessary information, e.g. special backup or data compression routines, software used for storing/retrieving submitted data or program installation instructions.

F.8 AUTHORIZED GEOGRAPHIC CODE

The authorized geographic code for this activity is 935. Approval to procure Rapid Diagnostic Tests (RDTs), insecticide treated nets (ITNs), antimalarial medicines, other pharmaceuticals and motor vehicles for program purposes from code 935 countries shall be subject to USAID-wide restrictions and source, origin and nationality requirements and shall be reviewed case by case upon request. In general, local procurement is authorized subject to the provisions of AIDAR 752.225-71, "Local Procurement (FEB 1997)".

There is a global waiver entitled, "Expedited Acquisition and Assistance Procedures for USAID's Activities and Programs Related to the Prevention, Care, and Treatment of HIV/AIDS" (December 20, 2007 through 2013).

END OF SECTION F

SECTION G – TASK ORDER ADMINISTRATION DATA

G.1 CONTRACTING OFFICER'S AUTHORITY

The Contracting Officer is the only person authorized to make or approve any changes in the requirements of this task order and notwithstanding any provisions contained elsewhere in this task order, the said authority remains solely in the Contracting Officer. In the event the Contractor makes any changes at the direction of any person other than the Contracting Officer, the change shall be considered to have been made without authority and no adjustment shall be made in the contract terms and conditions, including price.

G.2 TECHNICAL DIRECTION

USAID/Vietnam shall provide technical oversight to the Contractor through the designated CTO. The contracting officer shall issue a letter appointing the CTO for the task order and provide a copy of the designation letter to the contractor.

G.3 ACCEPTANCE AND APPROVAL

In order to receive payment, all deliverables must be accepted and approved by the CTO.

G.4 INVOICES or PAYMENT

One (1) original of each invoice shall be submitted on an SF-1034 Public Voucher for Purchases and Services Other Than Personal to the Office of Financial Management, USAID, RDMA. One copy of the voucher and the invoice shall also be submitted to the Contracting Officer and the CTO.

The SF-1034 must be signed, and it must be submitted along with the invoice and any other documentation.

Paper Invoices shall be sent to the following address:

Office of Financial Management,
United States Agency for Development, RDMA
93/1 GPF Towers A, 5th Floor,
Wireless Road,
Bangkok, 10330
Thailand

END OF SECTION G

SECTION H – SPECIAL TASK ORDER REQUIREMENTS

H.1 KEY PERSONNEL

The key personnel identified below are considered to be essential to the work being performed. Unless otherwise agreed to in writing by the Contracting Officer, the contractor must be responsible for providing such personnel as specified in the Task Order. Failure to provide key personnel designated below may be considered nonperformance by the contractor unless such failure is beyond the control, and through no fault or negligence of the contractor. The contractor must immediately notify the Contracting Officer and CTO of any key personnel's departure and the reasons therefore. The contractor must take the necessary steps to immediately rectify this situation and must propose a substitute candidate for each vacated position along with a budget impact statement, if requested, in sufficient detail to permit evaluation of the impact on the program. The contractor without the written approval of the Contracting Officer and the CTO must make no replacement of key personnel.

The contractor must provide the following key personnel for the performance of this task order:

| Title | Name |
|-----------------------------|--------------------|
| Task Order Manager/Director | (To be Determined) |

USAID reserves the right to adjust the level of key personnel during the performance of this task order.

H.2 LANGUAGE REQUIREMENTS

All deliverables shall be produced in English.

H.3 GOVERNMENT FURNISHED FACILITIES OR PROPERTY

The Contractor and any employee or consultant of the Contractor is prohibited from using U.S. Government facilities (such as office space or equipment) or U.S. Government clerical or technical personnel in the performance of the services specified in the Task Order unless the use of Government facilities or personnel is specifically authorized in the Task Order or is authorized in advance, in writing, by the CTO.

H.4 CONFIDENTIALITY AND OWNERSHIP OF INTELLECTUAL PROPERTY

All reports generated and data collected during this project shall be considered the property of USAID and shall not be reproduced, disseminated or discussed in open forum, other than for the purposes of completing the tasks described in this document, without the express written approval of a duly-authorized representative of USAID. All findings, conclusions and recommendations shall be considered confidential and proprietary.

H.5 CONTRACTOR'S STAFF SUPPORT, AND ADMINISTRATIVE AND LOGISTICS ARRANGEMENTS

The Contractor shall be responsible for all administrative support and logistics required to fulfill the requirements of this task order. These shall include all travel arrangements, appointment scheduling, secretarial services, report preparations services, printing, and duplicating.

H.6 PERIODIC PROGRESS REPORTS (July 1998) (CIB 98-21)

(a) The contractor shall prepare and submit progress reports as specified in the Schedule of this contract. These reports are separate from the interim and final performance evaluation reports prepared by USAID in accordance with (48 CFR) FAR 42.15 and internal Agency procedures, but they may be used by USAID personnel or their authorized representatives when evaluating the contractor's performance.

(b) During any delay in furnishing a progress report required under this contract, the contracting officer may withhold from payment an amount not to exceed US\$25,000 (or local currency equivalent) or 5 percent of the amount of this contract, whichever is less, until such time as the contracting officer determines that the delay no longer has a detrimental effect on the Government's ability to monitor the contractor's progress.

H.7 GENDER CONSIDERATIONS

As part of the technical application, the Respondents must outline explicit gender considerations for this contract.

H.8 EXECUTIVE ORDER ON TERRORISM FINANCING

The Contractor is reminded that U.S. Executive Orders and U.S. law prohibits transactions with, and the provision of resources and support to, individuals and organizations associated with terrorism. It is the legal responsibility of the contractor/recipient to ensure compliance with these Executive Orders and laws. This provision must be included in all subcontracts/subawards issued under this contract.

H.9 REPORTING ON TAXATION OF U.S. FOREIGN ASSISTANCE

(a) Reporting of Foreign Taxes. The contractor must annually submit a final report by April 16 of the next year.

(b) Contents of Report. The reports must contain:

(i) Contractor name.

(ii) Contact name with phone, fax and e-mail.

(iii) Agreement number(s).

(iv) Amount of foreign taxes assessed by a foreign government [each foreign government must be listed separately] on commodity purchase transactions valued at \$500 or more financed with U.S. foreign assistance funds under this agreement during the prior U.S. fiscal year.

(v) Only foreign taxes assessed by the foreign government in the country receiving U.S. assistance is to be reported. Foreign taxes by a third party foreign government are not to be reported. For example, if an assistance program for Lesotho involves the purchase of

commodities in South Africa using foreign assistance funds, any taxes imposed by South Africa would not be reported in the report for Lesotho (or South Africa).

(vi) Any reimbursements received by the Contractor during the period in (iv) regardless of when the foreign tax was assessed plus, for the interim report, any reimbursements on the taxes reported in (iv) received by the contractor through October 31 and for the final report, any reimbursements on the taxes reported in (iv) received through March 31.

(vii) The final report is an updated cumulative report of the interim report.

(viii) Reports are required even if the contractor did not pay any taxes during the report period.

(ix) Cumulative reports may be provided if the contractor is implementing more than one program in a foreign country.

(c) Definitions. For purposes of this clause:

(i) "Agreement" includes USAID direct and country contracts, grants, cooperative agreements and interagency agreements.

(ii) "Commodity" means any material, article, supply, goods, or equipment.

(iii) "Foreign government" includes any foreign governmental entity.

(iv) "Foreign taxes" means value-added taxes and custom duties assessed by a foreign government on a commodity. It does not include foreign sales taxes.

(d) Where. Submit the reports to:

USAID, Regional Development Mission/Asia
Office of Financial Management
GPF Witthayu, Tower A, 5th Floor
93/1 Wireless Road
Bangkok 10330 Thailand

or

US Embassy, Bangkok
USAID, Regional Development Mission/Asia
Office of Financial Management
Box 47
APO AP 96546

(e) Subagreements. The contractor must include this reporting requirement in all applicable subcontracts, subgrants and other subagreements.

(f) For further information see <http://www.state.gov/m/rm/c10443.htm>.

H.10 USAID DISABILITY POLICY - ACQUISITION (DECEMBER 2004)

(a) The objectives of the USAID Disability Policy are (1) to enhance the attainment of United States foreign assistance program goals by promoting the participation and equalization of opportunities of individuals with disabilities in USAID policy, country and sector strategies, activity designs and implementation; (2) to increase awareness of issues of people with disabilities both within USAID programs and in host countries; (3) to engage other U.S. government agencies, host country counterparts, governments, implementing organizations and other donors in fostering a climate of nondiscrimination against people with disabilities; and (4) to support international advocacy for people with disabilities. The full text of the policy paper can be found at the following website:
<http://www.usaid.gov/about/disability/DISABPOL.FIN.html>.

(b) USAID therefore requires that the contractor not discriminate against people with disabilities in the implementation of USAID programs and that it make every effort to comply with the objectives of the USAID Disability Policy in performing this contract. To that end and within the scope of the contract, the contractor's actions must demonstrate a comprehensive and consistent approach for including men, women and children with disabilities.

H.11 SALARY SUPPLEMENTS

Any payments by the contractor to employees of any government in the region at any level shall be subject to the USAID policy on salary supplements dated April 1988 (or as amended). When this issue arises during the life of the task order, the contractor shall consult with USAID on any questions regarding the applicability of the policy.

H.12 ORGANIZATIONS ELIGIBLE FOR ASSISTANCE (ACQUISITION) (JUNE 2005)

An organization that is otherwise eligible to receive funds under this contract to prevent, treat, or monitor HIV/AIDS shall not be required to endorse or utilize a multisectoral approach to combatting HIV/AIDS, or to endorse, utilize, or participate in a prevention method or treatment program to which the organization has a religious or moral objection.

H. 13 CONDOMS (ACQUISITION) (JUNE 2005)

Information provided about the use of condoms as part of projects or activities that are funded under this contract shall be medically accurate and shall include the public health benefits and failure rates of such use and shall be consistent with USAID's fact sheet entitled, "USAID: HIV/STI Prevention and Condoms. This fact sheet may be accessed at:
http://www.usaid.gov/our_work/global_health/aids/TechAreas/prevention/condomfactsheet.html

H.14 PROHIBITION ON THE PROMOTION OR ADVOCACY OF THE LEGALIZATION OR PRACTICE OF PROSTITUTION OR SEX TRAFFICKING (ACQUISITION) (OCTOBER 2007)

(a) This contract is authorized under the United States Leadership Against HIV/AIDS, Tuberculosis and Malaria Act of 2003 (P.L. 108-25). This Act enunciates that the U.S. Government is opposed to prostitution and related activities, which are inherently harmful and dehumanizing, and contribute to the phenomenon of trafficking in persons. The contractor shall not use any of the funds made available under this contract to promote or advocate the legalization or practice of prostitution or sex trafficking. Nothing in the preceding sentence shall be construed to preclude the provision to

individuals of palliative care, treatment, or post-exposure pharmaceutical prophylaxis, and necessary pharmaceuticals and commodities, including test kits, condoms, and, when proven effective, microbicides.

(b)(1) Except as provided in (b)(2) and (b)(3), as a condition of being awarded USAID funds for HIV/AIDS activities under this contract or subcontract, a non-governmental organization or public international organization contractor/subcontractor must have a policy explicitly opposing prostitution and sex trafficking.

(b)(2) The following organizations are exempt from (b)(1): the Global Fund to Fight AIDS, Tuberculosis and Malaria; the World Health Organization; the International AIDS Vaccine Initiative; and any United Nations agency.

(b)(3) Contractors and subcontractors are exempt from (b)(1) if the contract or subcontract is for commercial items and services as defined in FAR 2.101, such as pharmaceuticals, medical supplies, logistics support, data management, and freight forwarding.

(b)(4) Notwithstanding section (b)(3), not exempt from (b)(1) are contractors and subcontractors that implement HIV/AIDS programs under this contract or subcontract by:

(i) providing supplies or services directly to the final populations receiving such supplies or services in host countries;

(ii) providing technical assistance and training directly to host country individuals or entities on the provision of supplies or services to the final populations receiving such supplies and services; or

(iii) providing the types of services listed in FAR 37.203(b)(1)-(6) that involve giving advice about substantive policies of a recipient, giving advice regarding the activities referenced in (i) and (ii), or making decisions or functioning in a recipient's chain of command (e.g., providing managerial or supervisory services approving financial transactions, personnel actions).

(c) The following definition applies for purposes of this provision:

"Sex trafficking" means the recruitment, harboring, transportation, provision, or obtaining of a person for the purpose of a commercial sex act. 22 U.S.C. 7102(9).

(d) The contractor shall insert this clause in all subcontracts.

(e) Any violation of this clause will result in the immediate termination of this contract by USAID.

(f) This clause does not affect the applicability of FAR 52.222-50 to this contract."

H.15 PROHIBITION ON THE PROMOTION OR ADVOCACY OF THE LEGALIZATION OR PRACTICE OF PROSTITUTION OR SEX TRAFFICKING (ASSISTANCE) (JUNE 2005)

(Applicable to assistance instruments awarded by the Contractor.)

(a) The U.S. Government is opposed to prostitution and related activities, which are inherently harmful and dehumanizing, and contribute to the phenomenon of trafficking in persons. None of the funds made available under this agreement may be used to promote or advocate the legalization or practice of prostitution or sex trafficking. Nothing in the preceding sentence shall be construed to preclude the provision to individuals of palliative care, treatment, or post-exposure pharmaceutical prophylaxis, and necessary pharmaceuticals and commodities, including test kits, condoms, and, when proven effective, microbicides.

(b) Except as noted in the second sentence of this paragraph, as a condition of entering into this agreement or any subagreement, a non governmental organization or public international organization recipient/subrecipient must have a policy explicitly opposing prostitution and sex trafficking. The following organizations are exempt from this paragraph: the Global Fund to Fight AIDS, Tuberculosis and Malaria; the World Health Organization; the International AIDS Vaccine Initiative; and any United Nations agency.

(c) The following definition applies for purposes of this provision: Sex trafficking means the recruitment, harboring, transportation, provision, or obtaining of a person for the purpose of a commercial sex act. 22 U.S.C.7102(9).

(d) The recipient shall insert this provision, which is a standard provision, in all subagreements.

(e) This provision includes express terms and conditions of the agreement and any violation of it shall be grounds for unilateral termination of the agreement by USAID prior to the end of its term.

H.16 INTERNATIONAL TRAVEL APPROVAL

In accordance with the clearance/approval requirements in paragraph (a) of AIDAR 752.7027 Personnel (DEC 1990) (incorporated by reference above) and AIDAR 752.7032 International Travel Approval and Notification Requirements (JAN 1990) (incorporated by reference in Section I of the IQC), the Contracting Officer hereby provides prior written approval provided that the Contractor obtains the CTO's written concurrence with the assignment of individuals outside the United States before the assignment abroad, which must be within the terms of this task order, is subject to availability of funds, and should not be construed as authorization either to increase the estimated cost or to exceed the obligated amount (see Section B). The Contractor shall retain for audit purposes a copy of each travel concurrence.

H.17 HOMELAND SECURITY PRESIDENTIAL DIRECTIVE-12 (HSPD-12) (SEPTEMBER 2006)

In response to the general threat of unauthorized access to federal facilities and information systems, the President issued Homeland Security Presidential Directive-12. HSPD-12 requires all Federal agencies to use a common Personal Identity Verification (PIV) standard when identifying and issuing access rights to users of Federally-controlled facilities and/or Federal Information Systems. USAID will begin issuing HSPD-12 "smart card" IDs to applicable contracts, using a phased approach. Effective October 27, 2006, USAID will begin issuing new "smart card" IDs to new contractors (and new contractor employees) requiring routine access to

USAID controlled facilities and/or access to USAID's information systems. USAID will begin issuance of the new smart card IDs to existing contractors (and existing contractor employees) on October 27, 2007. (Exceptions would include those situations where an existing contractor (or contractor employee) loses or damages his/her existing ID and would need a replacement ID prior to Oct 27, 2007. In those situations, the existing contractor (or contractor employee) would need to follow the PIV processes described below, and be issued one of the new smart cards.)

Accordingly, before a contractor (or a contractor employee) may obtain a USAID ID (new or replacement) authorizing him/her routine access to USAID facilities, or logical access to USAID's information systems, the individual must provide two forms of identity source documents in original form and a passport size photo. One identity source document must be a valid Federal or state government-issued picture ID. (Overseas foreign nationals must comply with the requirements of the Regional Security Office.) USAID/W contractors must contact the USAID Security Office to obtain the list of acceptable forms of documentation, and contractors working in overseas Missions must obtain the acceptable documentation list from the Regional Security Officer. Submission of these documents, and related background checks, are mandatory in order for the contractor to receive a building access ID, and before access will be granted to any of USAID's information systems. All contractors must physically present these two source documents for identity proofing at their USAID/W or Mission Security Briefing. The contractor or his/her Facilities Security Officer must return any issued building access ID and remote authentication token to USAID custody upon termination of the individual's employment with the contractor or completion of the contract, whichever occurs first.

The contractor must comply with all applicable HSPD-12 and PIV procedures, as described above, and any subsequent USAID or government-wide HSPD-12 and PIV procedures/ policies, including any subsequent related USAID General Notices, Office of Security Directives and/or Automated Directives System (ADS) policy directives and required procedures. This includes HSPD-12 procedures established in USAID/Washington and those procedures established by the overseas Regional Security Office.

This includes HSPD-12 procedures established in USAID/Washington as well as those procedures established by the overseas Regional Security Office. In the event of inconsistencies between this clause and later issued Agency or government-wide HSPD-12 guidance, the most recent issued guidance should take precedence, unless otherwise instructed by the Contracting Officer. The contractor is required to include this clause in any subcontracts that require the subcontractor or subcontractor employee to have routine physical access to USAID space or logical access to USAID's information systems.

H.18 FOREIGN GOVERNMENT DELEGATIONS TO INTERNATIONAL CONFERENCES (JAN 2002)

Funds in this contract may not be used to finance the travel, per diem, hotel expenses, meals, conference fees or other conference costs for any member of a foreign government's delegation to an international conference sponsored by a public international organization, except as provided in ADS Mandatory Reference "Guidance on Funding Foreign Government Delegations to International Conferences" or as approved by the contracting officer.

H. 19 AIDAR 752.7007 PERSONNEL COMPENSATION

(a) Direct compensation of the Contractor's personnel will be in accordance with the Contractor's established policies, procedures, and practices, and the cost principles applicable to this contract.

(b) Reimbursement of the employee's base annual salary plus overseas recruitment incentive, if any, which exceed the USAID Contractor Salary Threshold (USAID CST) stated in USAID Automated Directives System (ADS) Chapter 302 USAID Direct Contracting, must be approved in writing by the USAID/RDMA Contracting Officer, as prescribed in 731.205-6(d) or 731.371(b), as applicable.

H.20 SUBCONTRACTING PLAN AND THE SF 294 – SUBCONTRACTING REPORT FOR INDIVIDUAL CONTRACTS AND SF 295 – SUMMARY CONTRACTING REPORT

The Contractor's subcontracting plan dated _____ is hereby incorporated as a material part of this contract. See Attachment ____

In accordance with FAR 52.219-9, SF 294 and SF 295 should be forwarded to the following address:

U.S. Agency for International Development
Office of Small and Disadvantaged Business
Utilization
Room 7.08 RRB
Washington, D.C. 20523

SECTION K – REPRESENTATIONS, CERTIFICATIONS, AND OTHER STATEMENTS

K.1 CERTIFICATION REGARDING LOBBYING

The undersigned certifies, to the best of his or her knowledge and belief, that:

- (1) No Federal appropriated funds have been paid or will be paid, by or on behalf of the undersigned, to any person for influencing or attempting to influence an officer or employee of any agency, a Member of Congress, an officer or employee of Congress, or an employee of a Member of Congress in connection with the awarding of any Federal contract, the making of any Federal Cooperative Agreement, the making of any Federal loan, the entering into of any cooperative agreement, and the extension, continuation, renewal, amendment or modification of any Federal contract, grant, loan, or cooperative agreement.
- (2) If any funds other than Federal appropriated funds have been paid or will be paid to any person for influencing or attempting to influence an officer or employee of any agency, a Member of Congress, an officer or employee of Congress, or an employee of a Member of Congress in connection with this Federal contract, grant, loan, or cooperative agreement, the undersigned shall complete and submit Standard Form-LLL, "Disclosure of Lobbying Activities," in accordance with its instructions.
- (3) The undersigned shall require that the language of this certification be included in the award documents for all subawards at all tiers (including subcontracts, subgrants, and contracts under grants, loans, and cooperative agreements) and that all subrecipients shall certify and disclose accordingly.

This certification is a material representation of fact upon which reliance was placed when this transaction was made or entered into. Submission of this certification is a prerequisite for making or entering into this transaction imposed by section 1352, title 31, United States Code. Any person who fails to file the required certification shall be subject to a civil penalty of not less than \$10,000 and not more than \$100,000 for each such failure.

Statement for Loan Guarantees and Loan Insurance

"The undersigned states, to the best of his or her knowledge and belief, that: If any funds have been paid or will be paid to any person for influencing or attempting to influence an officer or employee of any agency, a Member of Congress, an officer or employee of Congress, or an employee of a Member of Congress in connection with this commitment providing for the United States to insure or guarantee a loan, the undersigned shall complete and submit Standard Form-LLL, "Disclosure Form to Report Lobbying," in accordance with its instructions. Submission of this statement is a prerequisite for making or entering into this transaction imposed by section 1352, title 31, U.S. Code. Any person who fails to file the required statement shall be subject to a civil penalty of not less than \$10,000 and not more than \$100,000 for each such failure."

K. 2 ORGANIZATIONAL INTEGRITY GUIDANCE

USAID contractors, grantees and recipients of cooperative agreements (“Recipients”) must have objective integrity and independence from any affiliated organization that engages in activities inconsistent with a policy opposing prostitution and sex-trafficking (“restricted activities”). A Recipient will be found to have objective integrity and independence from such an organization if:

- (1) The affiliated organization is a legally separate entity²;
- (2) The affiliated organization receives no transfer of Leadership Act funds, and Leadership Act funds do not subsidize restricted activities; and
- (3) The Recipient is physically and financially separate from the affiliated organization. Mere bookkeeping separation of Leadership Act funds from other funds is not sufficient. USAID will determine, on a case-by-case basis and based on the totality of the facts, whether sufficient physical and financial separation exists. The presence or absence of any one or more factors will not be determinative. Factors relevant to this determination shall include but will not be limited to:
 - (i) The existence of separate personnel, management, and governance;
 - (ii) The existence of separate accounts, accounting records, and timekeeping records;
 - (iii) The degree of separation from facilities, equipment and supplies used by the affiliated organization to conduct restricted activities, and the extent of such restricted activities by the affiliate;
 - (iv) The extent to which signs and other forms of identification which distinguish the Recipient from the affiliated organization are present, and signs and materials that could be associated with the affiliated organization or restricted activities are absent; and
 - (v) The extent to which USAID, the U.S. Government and the project name are protected from public association with the affiliated organization and its restricted activities in materials such as publications, conferences and press or public statements.

Signature:_____

Date:_____

² Regarding Required Action (2), the Federal Acquisition Regulation (FAR) subpart 2.101 defines “Affiliates” as follows:

“Affiliates” means associated business concerns or individuals if, directly or indirectly—

(1) Either one controls or can control the other; or

(2) A third party controls or can control both.

This definition is not inconsistent with the guidance provided in this amendment to AAPD 05-04. There is no corresponding definition in USAID assistance regulations.

K.3 Key Individual Certification Narcotics Offenses and Drug Trafficking form

KEY INDIVIDUAL CERTIFICATION NARCOTICS OFFENSES AND DRUG TRAFFICKING (To be completed by all individuals identified as key personnel in the applications.)

I hereby certify that within the last ten years:

1. I have not been convicted of a violation of, or a conspiracy to violate, any law or regulation of the United States or any other country concerning narcotic or psychotropic drugs or other controlled substances.
2. I am not and have not been an illicit trafficker in any such drug or controlled substance.
3. I am not and have not been a knowing assistor, abettor, conspirator, or colluder with others in the illicit trafficking in any such drug or substance.

Signature: _____

Date: _____

Name: _____

Title/Position: _____

Organization: _____

Address: _____

Date of Birth: _____

NOTICE:

1. You are required to sign this Certification under the provisions of 22 CFR Part 140, Prohibition on Assistance to Drug Traffickers. These regulations were issued by the Department of State and require that certain key individuals of organizations must sign this Certification.
2. If you make a false Certification you are subject to U.S. criminal prosecution under 18 U.S.C. 1001.

SECTION L - INSTRUCTIONS, CONDITIONS, AND NOTICES TO OFFERORS

L.1 GENERAL

The United States Agency for International Development Vietnam is issuing a Request for Task Order Proposals (RFTOP) under the AIDSTAR Indefinite Quantity Contract (IQC) for **Social Marketing Prevention and Supportive Services in Vietnam**. Subject to annual availability of funds, USAID intends to award a Task Order between \$14.5 - \$15.5 million over a five-year period (o/a October 1, 2008 – September 30, 2013), with approximately \$2.9 - \$3.1 million available in the first year. The Task Order will permit the Contractor to carry out activities in Vietnam after receiving Government of Vietnam approval to operate in Vietnam. USAID reserves the right to fund any or none of the proposals submitted. USAID will be directly involved in the implementation and performance monitoring of this award.

The Government anticipates the award of one (1) cost plus fixed fee task order as a result of this RFTOP; however, it reserves the right to make multiple awards or no award.

L.2 ACQUISITION SCHEDULE

All Questions relating to this RFTOP must be submitted to *Praveena ViraSingh* at *pvirasingh@usaid.gov* via email no later than *June 26, 2008*. Unless otherwise notified by an amendment to the RFTOP, no questions will be accepted after this date. Offerors must not submit questions to any other USAID staff, including the technical office for either the Task Order or the basic IQC.

L.3 PROPOSAL INSTRUCTIONS

Proposals for the attached statement of work must contain the following:

1. A certification that no USAID employee has recommended an individual for use under the proposed task order who was not initially located and identified by your organization.
2. A list of at least three (3) recently completed contracts/subcontracts or on-going contracts/subcontracts or cooperative agreements/grants that are similar to the attached statement of work, for federal, state, and local governments or for commercial firms within the last three years. To ensure uniformity of information for conducting the reference checks, the Offeror must complete Part 1 (Blocks 1 through 9) of the Past Performance Report – Short Form (OMB No. 9000-0142) for the listed contracts/subcontracts. This form is attached. If the offeror encountered problems on any of above mentioned contracts, it may provide a short explanation of the problem and the corrective action taken. Space is provided in Block 6 of the Short Form for this. If the offeror does not follow the prescribed format, then care must be taken to ensure that the substance of the requested information is provided. Reference information should include recent email, fax, and phone numbers and address of contact persons. USAID may contact representatives from the references provided by the offeror to obtain information on the offeror's past performance. The offeror is advised that USAID may obtain past performance information from sources other than those identified by the offeror. USAID will use the past performance information to assess the quality of the organization's past performance and capability to implement programs similar to that described in the statement of work.
3. Any proposed changes to the attached statement of work.

L.4 GENERAL INSTRUCTIONS TO OFFERORS

- (a) RFTOP Instructions: If an Offeror does not follow the instructions set forth herein, the Offeror's proposal may be eliminated from further consideration or the proposal may be down-graded and not receive full or partial credit under the applicable evaluation criteria.
- (a) Accurate and Complete Information: Offerors must set forth full, accurate and complete information as required by this RFTOP. The penalty for making false statements to the Government is prescribed in 18 U.S.C. 1001.
- (b) Offer Acceptability: The Government may determine an offer to be unacceptable if the offer does not comply with all of the terms and conditions of the RFTOP.
- (c) Proposal Preparation Costs: The U.S. Government will not pay for any proposal preparation costs.

L.5 INSTRUCTIONS FOR THE PREPARATION OF THE TECHNICAL PROPOSAL

I. Technical Proposal

The technical proposal must address how your organization plans to carry out the Statement of Work, not to exceed 25 pages, with single line spacing, 12 point font, and standard one inch margins. The proposal must be submitted electronically and the software must be compatible with Microsoft Office. The Appendices are excluded from the page limitation. All other parts of the technical proposal are included in the 25 page limit. Graphs, tables, charts, cover pages, dividers, table of contents, and attachments (draft work plans, resumes, tables summarizing qualifications of proposed personnel, tables), are not included in the 25-page limitation. All narrative pages must be formatted for readability and avoid unusual formatting. Approximate lengths of each narrative section in the technical proposal are recommended to be as follows:

- a. Cover Page
- b. Executive Summary – Page 1-2
- c. Technical Approach and Collaboration Plan – Pages 3-15
- d. Monitoring & Evaluation Plan - Pages 16-18
- e. Key Personnel and Management Plan – Pages 19-21
- f. Past Performance Pages 22-23
- g. Corporate Capability – Pages 24-25.

The technical proposal must set forth in sufficient detail the conceptual approach, methodology, and techniques for the implementation and evaluation of program activities. The technical proposal must demonstrate responsiveness to the local epidemiologic situation and must include an implementation plan for achieving the expected program results. The implementation plan must clearly outline links between the proposed results, conceptual approach, performance milestones, and a realistic timeline for achieving the program results.

The Offerors must coordinate their proposed activities with other HIV/AIDS initiatives and activities being conducted in-country by PEPFAR, other implementing partners, other donors, and the host country government. The proposal must indicate the Offerors' understanding of the activities implemented by other PEPFAR implementing partners and organizations and discuss how activities are coordinated.

- a. Cover Page (1 page does not count against page limit)

The Offeror must prepare a single cover page with the names of the organizations involved in the proposed program. Subcontracts must be listed separately. The Cover Page must include name of the proposed Chief of Party, her/his institutional affiliation, name of a contact person for the prime Offeror and her/his contact information.

b. Executive Summary (up to 2 pages)

The Executive Summary must not exceed two pages and must summarize the key elements of the Offeror's technical strategy, management approach, implementation plan, expected results and evaluation plan.

c. Technical Approach and Collaboration Plan (up to 12 pages)

In 12 pages or less, describe the proposed technical strategy and approach. Please provide a concise description of the technical strategy and methodology (what the Offeror proposes to do and why) including approaches to HIV prevention programming and service delivery - social marketing, promotion of VCT and PMTCT, and strategies for a drug demand reduction program and reduction in initiation of injecting drug use. This must also include details of any collaboration across sectors and capacity building strategies. Gender issues must also be addressed in all stages of the activity where appropriate.

The technical approach section must demonstrate, with sufficient evidence, an innovative and comprehensive program to prevent HIV infection among most-at-risk and vulnerable populations in Vietnam that describes approaches that promote services, commodities, and safer behaviors among specific target populations. Approaches described must discuss at a minimum, but not be limited to:

1. A brief country assessment including epidemiological context, contextual/behavioral risk factors, potential for program linkages to voluntary counseling and testing, care, and treatment.
2. A strategy for the targeted promotion of voluntary counseling and testing among most-at-risk populations including female sex workers and their clients, men who have sex with men, and injecting drug users and their social networks.
3. An approach to expand promotion of and support to pregnant women to seek VCT and related PMTCT services in early pregnancy and strengthening referral networks.
4. A plan for the targeted promotion, social marketing and free distribution of condoms and other prevention commodities and related information among female sex workers and their clients, men who have sex with men, and injecting drug users. This plan must be developed in close collaboration with existing programs. Products and services for MARPs must be introduced to assure risk reduction practices and provide linkages to services for sustained behavior change.
5. A plan for how the Offeror will maintain logistical networks for delivery of prevention commodities and monitoring free distribution of those commodities for MARPs by PEPFAR partners throughout Vietnam
6. A strategy to reduce drug demand and the initiation of injection among those at high risk for initiating drug use by engaging networks of current users. This strategy should build on concepts from the "Break the Cycle" drug demand reduction program and can be well-paired with the high-risk outreach component of VCT and condom social marketing to access IDU social networks. Specifically, the offeror must initially pilot the adaptation and integration of BTC program components into existing PEPFAR-supported IDU peer outreach programs in two provinces (Quang Ninh and Hai Phong). By leveraging the large existing IDU outreach networks PEPFAR has helped to establish in Vietnam, the offeror must efficiently integrate the materials and

lessons learned from the BTC pilot after the first year into existing IDU outreach efforts on a much larger scale over the life of the project.

7. A description of any assessments, or process and outcome evaluations that can describe effective strategies for targeting and reaching most at risk populations in a sustainable manner as well as effective approaches to ensuring comprehensive services for target populations.

Other innovative approaches to reaching most at risk populations with HIV prevention information, services, and commodities are encouraged. Additional activities are particularly encouraged as they relate to relationships with the Government of Vietnam and other current HIV care and support providers.

Collaboration Plan: The Offerors must clearly outline how they plan to collaborate with other organizations, US government and host country government agencies, donor organizations, and/or indigenous organizations already working in-country for the implementation of the task order. The Offeror must have a solid picture of all related HIV/AIDS activities taking place in-country and be able to coordinate well and avoid duplication of effort. Specifically, in order to maximize and coordinate efforts, activities proposed in response to this scope of work must closely link to current behavior change communication activities supported by PACT/Vietnam targeting potential high risk men i.e. male clients of sex workers. The Offerors are encouraged to leverage and expand funding where possible for intervention targeting IDUs in select sites to promote risk reduction services and products.

d. Performance Monitoring & Evaluation Plan (up to 3 pages)

The Offerors must outline the monitoring and evaluation plan and methodology. Please include methods and measures (process, output and outcome) to evaluate program implementation feasibility, replicability, effectiveness and sustainability. Describe how the Offeror, along with any proposed sub-Contractors, would implement the evaluation plan. Expected program results with illustrative indicators, mid-term milestones/ benchmarks, end-of-project results partially provided in this document should be further elaborated in the M&E plan (see Annex 4: Emergency Plan Reporting Requirements and Indicators). Data sources and collection methodologies should also be noted for each indicator.

e. Key Personnel and Management Plan (up to 3 pages)

The Offerors must propose and maintain key technical personnel and other personnel deemed appropriate to implement the major tasks described in the Statement of Work. USAID/Vietnam leaves to the Offeror to determine the appropriateness of employing overseas and/or local hires, however, such staff must have played important coordination and support roles in past and current population and health programs.

The Offeror must provide the following as key personnel and provide resumes for the candidates proposed for such positions. The Offeror must choose a staffing structure and determine qualifications of key staff based on their proposed technical approach and implementation plan. The following position must be included among the key personnel in the proposal:

Task Order Manager/Director (the Contractor must have one 100% FTE managing this program)

Additional illustrative key positions are provided below:

- Project Manager
- HIV Prevention/Behavior Change Specialist
- Communication Specialist
- Monitoring and Evaluation Officer
- Financial Officer/Analyst

Offerors must specify the qualifications and abilities of proposed key personnel relevant to successful implementation of the proposed technical approach. The Offeror must also include, in an annex, resumes for all key personnel candidates. Resumes may not exceed three pages in length and must be in chronological order starting with most recent experience. Each resume must be accompanied by a signed letter of commitment from each candidate indicating his/her: (a) ability to serve in the stated position; (b) intention to serve for a stated term of this service; and (c) agreement to the compensation levels which correspond to the levels set forth in the cost proposal.

USAID reserves the right to adjust the level of key personnel during the performance of this task order.

Offerors must clearly describe how the task order will be managed, including the approach to addressing problems and challenges. Proposals must outline which subcontractors will conduct the various tasks listed earlier, and describe the roll of, and contractual arrangement with each subcontractor (if any). Offerors must propose a management plan that demonstrates the Offerors' understanding of management barriers that could occur during project implementation on both a global and country level, and how the Offerors plan to overcome these barriers. The plan must also demonstrate how the Offerors will use existing in-country resources for rapid start up. This plan must also address how the Project Director will liaise with the Cognizant Technical Officer (CTO), in-country staff, and reporting and management among other partners and sub-contractors, if applicable. Offerors must explain the potential for the management approach to effectively contribute to achieving project targets and objectives. Offerors must describe in the proposal the proposed role of each technical staff/advisor in the program and specify where s/he will be based. Offerors must include an organizational chart in an Annex to the technical proposal.

In addition, the Offeror must submit a mobilization plan which demonstrates their ability to rapidly establish an in-country presence with all the necessary registration and documentation completed before or immediately following the time of the award. The program must be rolled out and operational within 2 months after the award in order to ensure there is a smooth transition with no disruption in services.

f. Past Performance and Corporate Institutional Capability (upto two pages plus annex)

Past Performance:

- (1). The Offeror (including all partners of a joint venture) must provide performance information for itself and each major subcontractor (One whose proposed cost exceeds 30% of the Offeror's total proposed cost) in accordance with the following:
 - a. List in an annex to the technical proposal up to 3 of the most recent and relevant contracts for efforts similar to the work in the subject proposal for the Task Order. The most relevant indicators of performance are contracts performed for federal, state, and local governments and for commercial firms within the last five years

- b. Provide for each of the contracts listed above a list of contact names, job titles, mailing addresses, phone numbers, e-mail addresses, and a description of the performance to include:

- Scope of work or complexity/diversity of tasks,
- Primary location(s) of work,
- Term of performance,
- Skills/expertise required,
- Dollar value, and
- Contract type, i.e., fixed-price, cost reimbursement, etc

(USAID recommends that you alert the contacts that their names have been submitted and that they are authorized to provide performance information concerning the listed contracts if and when USAID requests it)

- (2) If extraordinary problems impacted any of the referenced contracts, provide a short explanation and the corrective action taken (as required by FAR 15.305(a)(2))
- (3) Describe any quality awards or certifications that indicate exceptional capacity to provide the service or product described in the statement of work. This information is not included in the page limitation.
- (4) The Offeror is expected to comply with the instructions regarding the type and amount of detail to be provided on past performance and the format to be used to submit it. If the Offeror does not follow the prescribed format, then care must be taken to ensure that the substance of the requested information is provided. Failure to do so may seriously impede both the technical evaluation of the Offeror's proposal and the contracting officer's ability to make a positive responsibility determination. Reference information should include recent email, fax, and phone numbers and address of contact persons.
- (5) USAID may contact representatives from the references provided by the Offeror to obtain information on the Offeror's past performance. The Offeror is advised that USAID may obtain past performance information from sources other than those identified by the Offeror. USAID will use past performance information both for the responsibility determination required in FAR 9.1 and the best value decision in accordance with the instructions in Section L and the evaluation criteria in Section M of this solicitation.

- g. Corporate Institutional Capability (upto two pages):

1. Offerors must furnish evidence that they along with their proposed major subcontractors' have the ability to plan, implement and monitor program effectively. They must demonstrate their experience in the geographic and program areas identified in the Statement of Work; and organizational experience in managing relevant large-scale projects including activities to improve the HIV/AIDS policy environment, support civil society, improve the quality and use of data for decision making and to advance the policy environment.
2. Offerors must clearly describe their demonstrated ability to manage multiple complex tasks involving collaborative efforts, and maintain clear and effective lines of communication between and among clients

II USAID Branding Strategy

The offeror shall prepare and submit with the technical proposal, a Branding Implementation Plan and Marking Plan to implement the USAID Branding Strategy described below. The

Offeror's branding implementation plan and marking plan shall be an attachment to its technical proposal and will not be included in the page limitation.

Required Branding Strategy

The offeror shall prepare and submit with the technical proposal, a Branding Implementation Plan and Marking Plan to implement the USAID Branding Strategy described below. The Offeror's branding implementation plan and marking plan shall be an attachment to its technical proposal.

A. USAID Branding Strategy:

Program Name: HIV/AIDS TECHNICAL SUPPORT FOR HIV/AIDS PREVENTION, CARE AND TREATMENT

How the USAID logo will be positioned on materials and communications:

All USAID logos on materials and communications produced under this task order will be positioned in accordance with the standardized USAID regulations on branding. In cases when the activity is jointly sponsored with other US Government (USG) and non-USG entities, the names and/or logos of these entities will be mentioned in the branding, with an equal level of prominence to the USAID logo.

Desired level of visibility:

All branding must comply with the standardized USAID regulations on branding. All branding for USAID, its partners, and other USG and non-USG entities engaged in a specific activity implemented under this task order, must have equal representation on all public or internal documentation, publications, advertising, presentations, brochures, etc.

Other organizations to be acknowledged:

When activities occur in coordination with other USG or non-USG partners, acknowledgement of the contribution and efforts of these organizations will be included in any relevant public or internal documentation, publications, advertising, presentations, brochures, etc.

B. Branding Implementation Plans must specifically address the following:

1. How to incorporate the message, "This assistance is from the American people," in communications and materials directed to beneficiaries, or provide an explanation if this message is not appropriate or possible.
2. How to publicize the program, project, or activity in the host-country and a description of the communications tools to be used. Such tools may include the following: Press releases, Press conferences, Media interviews, Site visits, Success stories, Beneficiary testimonials, Professional photography, PSAs, Videos, and Webcasts, e-invitations, or other e-mails sent to group lists, such as participants for a training session blast e-mails or other Internet activities, etc.
3. The key milestones or opportunities anticipated to generate awareness that the program, project, or activity is from the American people, or an explanation if this is not appropriate or possible. Such milestones may be linked to specific points in time, such as the beginning or end of a program, or to an opportunity to showcase publications or other materials, research findings, or program success. These include, but are not

limited to, the following: Launching the program, Announcing research findings, Publishing reports or studies, Spotlighting trends, Highlighting success stories, Featuring beneficiaries as spokespeople, Showcasing before-and-after photographs, Marketing agricultural products or locally-produced crafts or goods, Securing endorsements from ministry or local organizations, Promoting final or interim reports, and Communicating program impact/overall results.

C. The Marking Plan shall enumerate the public communications, commodities, and program materials and other items that visibly bear or will be marked with the USAID Identity. USAID's policy is that programs, projects, activities, public communications, or commodities implemented or delivered under contracts and subcontracts exclusively funded by USAID are marked exclusively with the USAID Identity. Where applicable, a host-country symbol or ministry logo, or another U.S. Government logo may be added."

L.6 COST PROPOSALS

Cost Proposal

The total budget for this task order is estimated to fall within the range of \$ 15 million to \$ 16 million for the 60-month period.

Detailed costs associated with each program area such as salaries, indirect costs, travel, equipment, and fee, must be provided separately in the proposal.

Offerors must also submit a summary cost proposal by operating period and line items, using the following detailed budget format

COST-PLUS-FIXED-FEE BUDGET

| Cost Element | Oct 1, 2008 to Sept 30, 2009 | Oct 1, 2009 to Sept 30, 2010 | Oct 1, 2010 to Sept 30, 2011 | Oct 1, 2011 to Sept 30, 2012 | Oct 1, 2012 to Sept 30, 2013 |
|--|---------------------------------------|---------------------------------------|---------------------------------------|---------------------------------------|---------------------------------------|
| Total Direct Labor | | | | | |
| ■ Salary and wages | | | | | |
| ■ Fringe Benefits | | | | | |
| Consultants | | | | | |
| Travel, Transportation and Per Diem | | | | | |
| Equipment and Supplies | | | | | |
| Subcontracts 1/ Allowances | | | | | |
| Participant Training | | | | | |
| Other Direct Cost | | | | | |
| Overhead | | | | | |
| G&A | | | | | |
| Material Overhead | | | | | |
| Total Estimated Cost | | | | | |
| Fixed Fee | | | | | |
| Total Estimated Cost Plus Fixed Fee | | | | | |

| | | | | | |
|--|--|--|--|--|--|
| Total Estimated Cost Plus Fixed Fee | | | | | |
|--|--|--|--|--|--|

Note: Individual subcontractors should include the same cost element breakdowns in their budgets as applicable.

The above budget shall be supported by information in sufficient detail to allow a complete analysis of cost. Contractor Employee Biographical Data Sheet (Form AID 1420-17) for the proposed personnel (either US, CCN or TCN), containing salary history for the previous three years. (Bio-data forms must be signed by both the employee and your organization). Offerors must propose costs that they believe are realistic and reasonable for the work in accordance with their respective Task Order Technical Proposals.

There is no page limitation on the Cost Proposal. Please provide a copy of the organization's NICRA if applicable. The budget must be supported by information in sufficient detail to allow a complete analysis of cost; specifically, a budget narrative must be included which discusses, by cost element, the basis of estimate for the budget line item. Offerors must propose costs that are realistic and reasonable for the work in accordance with their respective Task Order Technical Proposals.

END OF SECTION L

SECTION M – EVALUATION FACTORS FOR AWARD

M.1 GENERAL INFORMATION

- (a) The Government may award a task order without discussions with offerors.
- (b) The Government intends to evaluate task order proposals in accordance with Section M of this RFTOP and award to the responsible contractor(s) whose task order proposal(s) represents the best value to the U.S. Government. “Best value” is defined as the offer that results in the most advantageous solution for the Government, in consideration of technical, cost, and other factors.
- (c) The submitted technical information will be scored by a technical evaluation committee using the technical criteria shown below. The evaluation committee may include industry experts who are not employees of the Federal Government. When evaluating the competing Offerors, the Government will consider the written qualifications and capability information provided by the Offerors, and any other information obtained by the Government through its own research.

For overall evaluation purposes, technical factors are considered *significantly more important than* cost/price factors.

M.2 TECHNICAL PROPOSAL EVALUATION CRITERIA

The technical applications will be evaluated in accordance with the technical criteria set forth below. One award is anticipated, although USAID reserves the right to make more than one award if needed. The award will be made to the responsible implementing partner whose application offers the greatest value to the US Government, cost and other factors considered.

The criteria listed below are presented by major category, so that Offerors will know which areas require emphasis in the preparation of the technical proposal. Offerors should note that these criteria serve as the standard against which all technical information will be evaluated, and serve to identify the significant matters which Offerors should address. The number of points assigned to each of the following criteria indicates their relative importance. Within each category, sub-criteria are weighted according to the points indicated. Sub-criteria that do not have weights assigned are intended to broadly inform the scoring process and will not be individually scored or equally weighted, and are further not in any particular order. To make the selection process as objective as possible, each implementing partner should clearly demonstrate how the application meets these criteria.

The specific evaluation criteria are as follows:

M.3 TECHNICAL APPROACH AND COLLABORATION PLAN (40 points) [See Section L.5(c)]

The extent of the applicant’s understanding of and feasibility/ability to successfully perform the activities as described in the Statement of Work, including: a brief country assessment including epidemiological context, contextual/behavioral risk factors, current successes and program gaps to date, potential for program linkages for referrals to care and treatment, etc. This section must demonstrate, with sufficient evidence, an innovative and comprehensive program to prevent HIV infection among MARPs and vulnerable populations in Vietnam. A concise description of the technical strategy and methodology (what the offeror proposes to

do and why) including approaches to that promote HIV prevention services, commodities, and safer behaviors among specific target populations and discuss social marketing, promotion of VCT and PMTCT, strategies for a drug demand reduction program by reducing initiation of injecting drug use and maintaining a logistical networks for delivery of prevention commodities. This must also include details of any collaboration across sectors and with various partners and capacity building strategies. Gender issues must also be addressed in all stages of the activity where appropriate.

M.4 PERFORMANCE MONITORING AND EVALUATION PLAN (10 POINTS) [See Section L.5 (d)]

The Offerors must outline the monitoring and evaluation plan and methodology including methods and measures (process, output and outcome) to evaluate program implementation feasibility, replicability, effectiveness and sustainability. Describe how the Offeror, along with any proposed sub-Contractors, would implement the evaluation plan. Expected program results with illustrative indicators, mid-term milestones/ benchmarks, end-of-project results partially provided in this document should be further elaborated in the M&E plan (see Annex 4: Emergency Plan Reporting Requirements and Indicators). Data sources and collection methodologies should also be noted for each indicator.

M.5 KEY PERSONNEL AND MANAGEMENT PLAN (30 POINTS) [See Section L.5 (e)]

- a. Key Personnel. The demonstrated quality of the proposed Task Order Manager/Director as well as demonstrated access to appropriate technical personnel with technical experience and expert qualifications in all the programmatic areas outlined in the Statement of Work. (15 points)
- b. Management Plan. The offeror shall clearly describe its ability to manage activities carried out under the Statement of Work, provide technical support and necessary oversight, and work with USAID/RDM/A staff, other USG agencies and Embassies, and other important project partners. The offeror shall explain the potential for the management approach to effectively contribute to achieving project targets and objectives. The offeror shall describe in the proposal the proposed role of each long term technical staff/advisor in the program and specify whether s/he will be country-specific or regionally based. The offeror shall also clearly describe the role of and contractual arrangement with each subcontractor (if any), the approach for managing of proposed subcontractors (if any), and demonstrated past experience managing subcontractors (if applicable). Offerors should include an organizational chart in an Annex to the technical proposal (15 points)

M.6 PAST PERFORMANCE (10 POINTS) [SEE SECTION L.5 (f)] (See FAR 15.305(a)(2) for required elements of the provision)

(a) Performance information will be used for both the responsibility determination and best value decision. USAID may use performance information obtained from other than the sources identified by the offeror/subcontractor. USAID will utilize existing databases of contractor performance information and solicit additional information from the references provided in Section L.5(f) of this RFTOP and from other sources if and when the Contracting Officer finds the existing databases to be insufficient for evaluating an offeror's performance.

(b) If the performance information contains negative information on which the offeror has not previously been given an opportunity to comment, USAID will provide the offeror an opportunity to comment on it prior to its consideration in the evaluation, and any offeror comment will be considered with the negative performance information.

(c) USAID will initially determine the relevance of similar performance information as a predictor of probable performance under the subject requirement. USAID may give more weight to performance information that is considered more relevant and/or more current.

(d) The contractor performance information determined to be relevant will be evaluated in accordance with the following elements;(1) Quality of product or service, including consistency in meeting goals and targets; (2) Cost control, including forecasting costs as well as accuracy in financial reporting; (3) Timeliness of performance, including adherence to contract schedules and other time-sensitive project conditions, and effectiveness of home and field office management to make prompt decisions and ensure efficient completion of tasks; (4) Business relations, addressing the history of professional behavior and overall business-like concern for the interests of subcontractors and developing country partners, cooperative attitude in remedying problems, and timely completion of all administrative requirements; (5) Customer satisfaction with performance, including end user or beneficiary wherever possible;(6) Effectiveness of key personnel, including appropriateness of personnel for the job and prompt and satisfactory changes in personnel when problems with clients where identified;(7) Prime offerors who are not small business concerns will be evaluated on their performance in using small business concerns as subcontractors, joint ventures, and in other teaming arrangements.

In cases where 1. an offeror lacks relevant performance history, 2. information on performance is not available, or 3. an offeror is a member of a class of offerors where there is provision not to rate the class against a sub factor, then the offeror will not be evaluated favorably or unfavorably on performance. The "neutral" rating assigned to any offeror lacking relevant performance history is a score commensurate with the percentage of points received vs. possible points³. An exception to this neutral rating provision: the non-small businesses prime with no history of subcontracting with small business concerns. Prior to assigning a "neutral" past performance rating, the contracting officer may take into account a broad range of information related to an offeror's performance.

M.7 CORPORATE INSTITUTIONAL CAPACITY (10 points)[See Section L.5 (g)]

Offerors must furnish evidence that they along with their proposed major subcontractors' have the ability to plan, implement and monitor program effectively. They must demonstrate their experience in the geographic and program areas identified in the Statement of Work; and organizational experience in managing relevant large-scale projects including activities to improve the HIV/AIDS policy environment, support civil society, improve the quality and use of data for decision making and to advance the policy environment.

Offerors must clearly describe their demonstrated ability to manage multiple complex tasks involving collaborative efforts, and maintain clear and effective lines of communication between and among clients

³ For example, a small business prime offeror will not be evaluated on its performance in using small business concerns. If this sub factor is worth a possible 10 points out of a total possible point value of 100 for the technical proposal, then the small business prime offeror's technical proposal will have a maximum of 90 possible points. If it was assigned a score of 80 points out of the 90 maximum possible points, its technical score for evaluation against the other offerors would be 88.89 (i.e., 80/90). USAID understands that there may be minor arithmetic differences in percentage terms as a result; however, it considers these differences to be minor and that they will not impact any best-value decision made under this solicitation.

M.8 COST PROPOSAL EVALUATION

An analysis of the cost proposal will be conducted separately from that of the technical proposal. The validity of the cost proposal will be assessed in terms of the offeror's capability to accomplish the contract objectives within the estimated cost proposed. The cost proposal will be used as an aid to determine the offeror's understanding of program requirements.

MODEL SUBCONTRACTING PLAN OUTLINE *

Identification Data

Contractor: _____

Address: _____

Solicitation or Contract Number: _____

Project Title: _____

Total Amount of Contract (Including Options) \$ _____

Period of Contract Performance (MO. & YR.) _____

* *Federal Acquisition Regulation (FAR), paragraph 19.708(b) prescribes the use of the clause at FAR 52.219-9 entitled "Small Business, Small Disadvantaged Business, and Women Owned Small Business Subcontracting Plan." The following is a suggested model for use when formulating such subcontracting plan. While this model plan has been designed to be consistent with FAR 52.219-9, other formats of a subcontracting plan may be acceptable. However, failure to include the essential information as exemplified in this model may be cause for either a delay in acceptance or the rejection of a bid or offer where the clause is applicable. Further, the use of this model is not intended to waive other requirements that may be applicable under FAR 52.219-9. "SUBCONTRACT" as used in this clause, means any agreement (other than one involving an employer-employee relationship) entered into by a Federal Government prime contractor or subcontractor calling for supplies or services required for performance of the contract or subcontract.*

1. Type of Plan (Check One)

_____ Individual plan (All elements developed specifically for this contract and applicable for the full term of this contract).

_____ Master plan (Goals developed for this contract; all other elements standard; must be renewed annually).

_____ Commercial products plan (Contractor sells large quantities of off-the-shelf commodities to many Government agencies. Plans/goals negotiated by a lead agency on a company-wide basis rather than for individual contracts. Plan effective only during year approved. Contractor must provide copy of lead agency approval).

(d) The offeror's subcontracting plan shall include the following:

(1) Goals, expressed in terms of percentages of total planned subcontracting dollars, for the use of small business, veteran-owned small business, HUBZone small business, small disadvantaged business, and women-owned small business concerns as subcontractors. Service-disabled veteran-owned small business concerns meet the definition of veteran-owned small business concerns, and offerors may include them within the subcontracting plan goal for veteran-owned small business concerns. A separate goal for service-disabled veteran-owned small business concerns is not required. The offeror shall include

all subcontracts that contribute to contract performance, and may include a proportionate share of products and services that are normally allocated as indirect costs.

(2) A statement of--

- (i) Total dollars planned to be subcontracted for an individual contract plan; or the offeror's total projected sales, expressed in dollars, and the total value of projected subcontracts to support the sales for a commercial plan is:
\$ _____ and _____ %
- (ii) Total dollars planned to be subcontracted to small business concerns is:
\$ _____ and _____ %*
- (iii) Total dollars planned to be subcontracted to veteran-owned small business concerns is:
\$ _____ and _____ %*
- (iv) Total dollars planned to be subcontracted to service-disabled veteran-owned small business concerns is:
\$ _____ and _____ %*
- (v) Total dollars planned to be subcontracted to HUBZone small business concerns is:
\$ _____ and _____ %*
- (vi) Total dollars planned to be subcontracted to small disadvantaged business concerns is:
\$ _____ and _____ %*
- (vii) Total dollars planned to be subcontracted to women-owned small business concerns is:
\$ _____ and _____ %*

(*Expressed as a percentage of "A")

(3) A description of the principal types of supplies and services to be subcontracted, and an identification of the types planned for subcontracting to--

- (i) Small business concerns;
- (ii) Veteran-owned small business concerns;
- (iii) HUBZone small business concerns;
- (iv) Small disadvantaged business concerns; and
- (v) Women-owned small business concerns.

(check all that apply)

Subcontracted

Supplies/Services LB SB VOSB SDVOSB HUBZone SDB WOSB

(Attach additional sheets if necessary.)

(4) A description of the method used to develop the subcontracting goals in paragraph (d)(1) of this clause.

(5) A description of the method used to identify potential sources for solicitation purposes (e.g., existing company source lists, the Procurement Marketing and Access Network (PRO-Net) of the Small Business Administration (SBA), veterans service organizations, the National Minority Purchasing Council Vendor Information Service, the Research and Information Division of the Minority Business Development

Agency in the Department of Commerce, or small, HUBZone, small disadvantaged, and women-owned small business trade associations). A firm may rely on the information contained in PRO-Net as an accurate representation of a concern's size and ownership characteristics for the purposes of maintaining a small, veteran-owned small, HUBZone small, small disadvantaged, and women-owned small business source list. Use of PRO-Net as its source list does not relieve a firm of its responsibilities (e.g., outreach, assistance, counseling, or publicizing subcontracting opportunities) in this clause.

(6) A statement as to whether or not the offeror included indirect costs in establishing subcontracting goals, and a description of the method used to determine the proportionate share of indirect costs to be incurred with—

- (i) Small business concerns;
- (ii) Veteran-owned small business concerns;
- (iii) HUBZone small business concerns;
- (iv) Small disadvantaged business concerns; and
- (v) Women-owned small business concerns.)

(7) The name of the individual employed by the offeror who will administer the offeror's subcontracting program, and a description of the duties of the individual.

8) A description of the efforts the offeror will make to assure that small business, veteran-owned small business, HUBZone small business, small disadvantaged business, and women-owned small business concerns have an equitable opportunity to compete for subcontracts.

(9) Assurances that the offeror will include the clause of this contract entitled "Utilization of Small Business Concerns" in all subcontracts that offer further subcontracting opportunities, and that the offeror will require all subcontractors (except small business concerns) that receive subcontracts in excess of \$500,000 (\$1,000,000 for construction of any public facility) to adopt a subcontracting plan that complies with the requirements of this clause.

(10) Assurances that the offeror will--

- (i) Cooperate in any studies or surveys as may be required;
- (ii) Submit periodic reports so that the Government can determine the extent of compliance by the offeror with the subcontracting plan;
- (iii) Submit Standard Form (SF) 294, Subcontracting Report for Individual Contracts, and/or SF 295, Summary Subcontract Report, in accordance with paragraph (j) of this clause. The reports shall provide information on subcontract awards to small business concerns, veteran-owned small business concerns, service-disabled veteran-owned small business concerns, small disadvantaged business concerns, women-owned small business concerns, and Historically Black Colleges and Universities and Minority Institutions. Reporting shall be in accordance with the instructions on the forms or as provided in agency regulations.
- (iv) Ensure that its subcontractors agree to submit SF 294 and SF 295.

| REPORTING PERIOD | REPORT DUE | DUE DATE |
|------------------|------------|----------|
| Oct 1 – Mar 31 | SF 294 | 04/30 |
| Apr 1 – Sept 30 | SF 294 | 10/30 |
| Oct 1 – Sept 30 | SF 295 | 10/30 |

ADDRESS:
